The Linn Shuttle operates on a scheduled route. Drivers will not make unscheduled stops unless pre-approved through the office at least 24 hrs in advance. **Due to safety reasons and time constraints, not all unscheduled stops will be approved.**

The Mission of the Linn Shuttle is to provide a safe transportation service that supports the economic, social, transportation and environmental needs of the community it serves.

The Shuttle buses provide accessible service for passengers using mobility devices (wheelchairs). Passengers should be able to access the lift without assistance from the transit operator. The transit operator will assist in securing the wheelchair in the spaces provided.
